

Searching LINKcat

To search by keyword, enter your word(s) into the search box at the top of the screen and hit the **Enter** key or click the **magnifying glass button**. LINKcat will search for all of the terms entered.

Use the drop-down menus to the left of the search box for more search options and to limit by format.

Sort your search results

From the results page, click **Relevance** at the top of the results list, and select an option from the list.

Refine (narrow) your search results

From the results page, select an option on the left side of the screen to refine your search results.

View title details

From the results page, select a record and click on the title to view more details. From this screen, you can see if an item is available at a library, place a hold, save it to a List, add it to a Cart, and print. Note: You must be signed into your LINKcat account to place holds and save to your Lists.

From the title's details page, go to the top right, and click **Next** to move to the next title in the results list. Click **Previous** to return to the previous title. Click **List** to return the results list.

Start new search

Enter new term(s) into the search box, and click the **magnifying glass button**. You can also click on the LINKcat logo or **Home** in the blue bar to return to the LINKcat home page.
