

## One hold = One complete season!

In early September 2022, LINKcat libraries will begin checking out complete seasons of television series in one package, starting with new titles, and eventually expanding to existing titles.

LINKcat records containing a complete season will have the phrase “All discs” in the Title.

- *Killing Eve*, season 3 (DVD) [All discs] [videorecording]

This phrase will differentiate complete season records from single disc records that have a phrase like “Season 3, Disc 1” in the Title.

- *Killing Eve*, season 3 (DVD) Disc 1 [videorecording]

### Searching for full sets

In the search box, enter the full title of the TV series, and the phrase “All discs” (include the double quotes to search “All discs” as a phrase).

- *Killing Eve* “All discs”

### Benefits

- No more waiting for disc 1 of a 4-disc set
- Won’t receive discs out of order
- Longer loan period than for single discs

Over time, we hope to move TV series and mini-series to full season checkouts. In the meantime, especially with older series, we may have both full seasons and individual discs to check out.
